# GOLF IN AUSTRIA - VORARLBERG

## **VORARLBERG**

Vorarlberg, Austria's westernmost province surrounded by Germany, Switzerland and the Principality of Liechtenstein, is known for Lake Constance and for its many mountains, its modern architecture and lovingly restored old houses, its family-run businesses and global players, its impressive landscape and sophisticated culture. In short: for great diversity in a very small space. This makes Vorarlberg the perfect holiday destination for golfers who love variety.

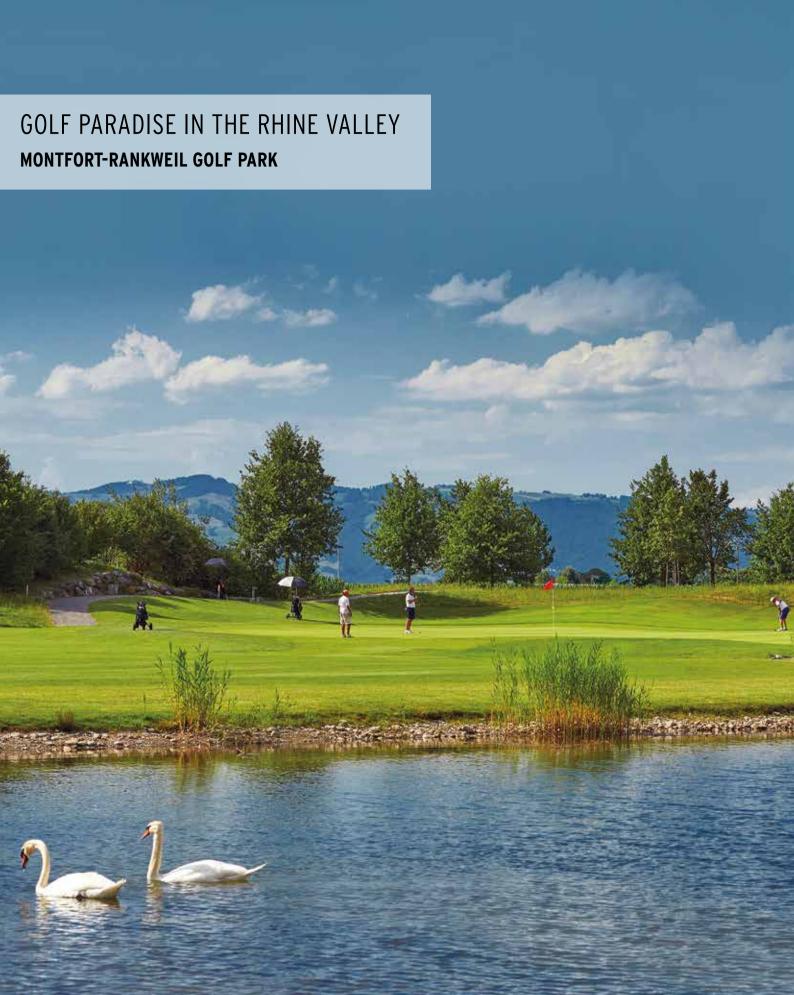

Six very different golf courses are located within a short distance from each other, with hardly more than half an hour's drive between one course and the next. And the province also offers manifold enjoyments off the green, especially when it comes to sports, culture and culinary delights. Discover Vorarlberg as a guest and protagonist, as a gourmet and explorer!

For your holiday organisation and preparation there are helpful small appliances. On www. golfvorarlberg.at you find interactive maps, hotels and information about sight-seeing, from hiking trails to golf courses hints. The free Vorarlberg app "vacation and spare time" www. vorarlberg. travel/apps shows detailed information.

# MONTFORT-RANKWEIL GOLF PARK

This golf park was opened in 2006 and lies at the heart of the Rhine Valley in Vorarlberg. The 18-hole course is in a central location and easy to reach. It features gorgeous and harmonious landscapes with fine variations on an otherwise plane terrain. A visit to our beautiful panorama terrace is a nice way to end your day of golf.

### **KNEIPP GARDENS**

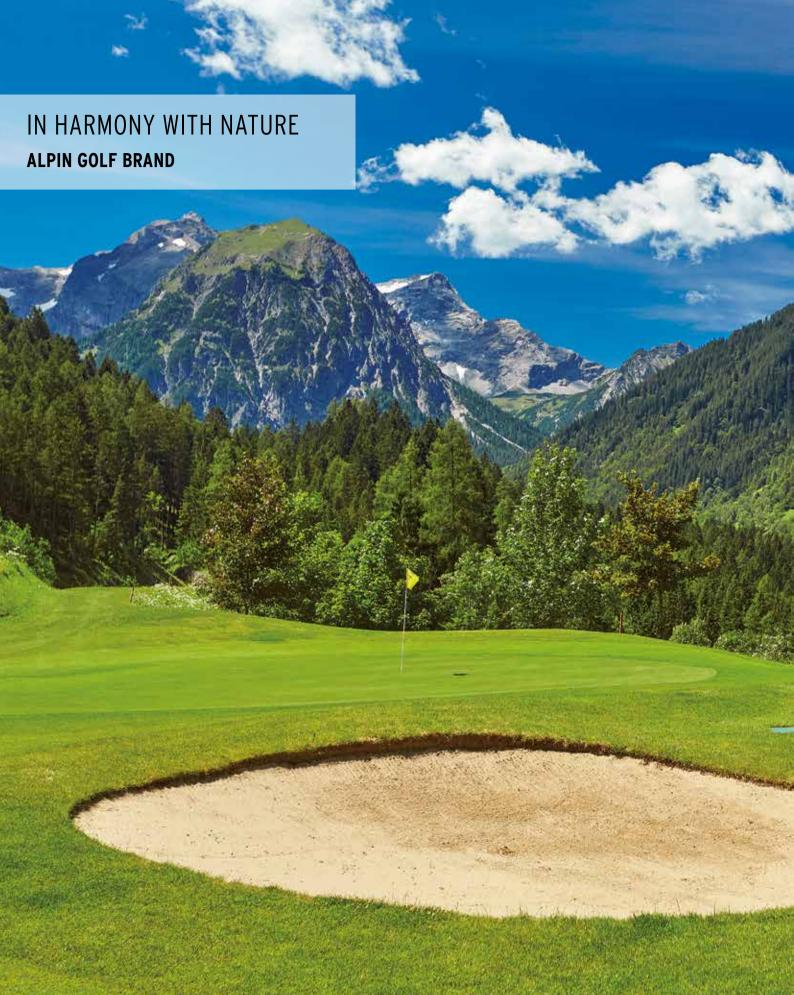

The newly installed Kneipp gardens in Klösterle cover all elements of Sebastian Kneipp's five-pillar philosophy: The herbal garden invites visitors to discover the world of domestic medicinal plants. A bare-foot trail, yoga classes or a walk along the Alfenz river are great ways to focus on exercise and balance. The heart of the gardens is a Kneipp basin. And Kneipp's advice about nutrition can best be applied at one of the restaurants nearby.

#### **BREGENZERWALD TOURISMUS**

6863 Egg, Impulszentrum 1135 Phone: +43 (0) 5512 2365 info@bregenzerwald.at www.bregenzerwald.at In Vorarlberg, south-east from the lake Constance, there's the Bregenzer-wald with its 23 villages. A picture that evokes pleasure. There are cultivated landscapes high up to the Alps and mountains. Handsome villages, where traditional houses and surprisingly modern buildings harmonise. Explore the reason for this at the twelve "Umgang Bregenzerwald" walks through the village. "The Werkraumhaus Andelsbuch" provides you with an inside into innovative handicraft. Concerts of various styles, such as classic at the Schubertiade in Schwarzenberg and exhibitions enrich the cultural life. The cuisine pampers with regional and creative cooking. Many products, especially the Bregenzerwälder mountain- and alpine cheese, come from small farms, from alpine dairies and culinary delight manufactories. For those ready to discover: Get the Bregenzerwald guest card by staying at least three nights. Bonus from 3 nights: Bregenzerwald Guest Card

#### BREGENZERWALD GOLF PARK

The best thing about golf is the location. Especially when teeing off at the Bregenzerwald golf park. Architect Kurt Rossknecht has carefully considered the unique features of Weißach Valley by carefully placing bunkers, ponds and greens in locations based on shape and form. Here even more you will find the original charm of the game, with wide fairways, exciting slopes and inclines – all embedded in the Nagelfluhkette National Park.

**GOLF STAYCATION** 

Or: Opportunities in a Crisis!

#### We're living in a time of crisis.

A virus is spreading all over the world, we face restrictions in public life, the economy is heading for a recession, carefree gatherings are no longer possible, uncertainties abound. But that is just one side of the story.

# Every crisis aggravates existing problems and accelerates their solution.

The Chinese word for "crisis" consists of the two characters for "danger" and "opportunity". Any crisis produces new opportunities – and an opportunity for new beginnings.

#### Mental strength helps to detect opportunities.

People who are mentally strong are at peace with themselves. Golfing is a great way to achieve this inner peace: More than any other sport, it allows us to focus inwardly.

# Use the opportunity for a staycation – a vacation at home.

Ever since we have been restricted in our travels, we have become aware that relaxation is not about distance, but rather about enjoyment, variation, idleness and exercise.

Robert Nussbaumer works as a performance coach and keynote speaker. In his captivating and well-founded seminars he leads his audience on the path to success.

His books "Nie wieder aufgeben!" and "Golf – Spiegel des Lebens" reveal how, even though nobody is perfect, we can all be sure to reach our professional and private goals. He has been playing golf for 20 years.

#### Who knows this better than passionate golfers?

On the green you are at one with yourself, your mind focuses and you are completely in the here and now. And all this makes you stronger in a crisis.

# You can battle stress, empower yourself and boost your awareness and self-confidence.

A golfing vacation is not just about deceleration, it is a sustainable and gentle vacation at one with nature – for greenfee players and club members.

#### Above all, you can create blissful memories.

And isn't that what life is all about?

"Mindful living means experiencing."

## INNSBRUCK-IGLS LANS GOLF CLUB

The romantic 9-hole golf course in Lans is located in a park-like landscape amidst fir trees, deciduous trees and fruit trees. And whoever has had the privilege of visiting here knows exactly what this means. The combination of mountains and lake is unique. This area has an altitude of 930 meters, is ten kilometers long, up to 133 meters deep, and has water of the purest quality.

The Achensee is Tirol's largest lake. Sailors and surfers appreciate the excellent wind conditions. Visitors can float just off the easily accessible shores, and nature lovers will enjoy the almost Caribbean-like colors. Guests can participate in more than 50 different sports here: From golfing and hiking and mountain biking to climbing and even kite surfing. Those wanting to test their limits will find a variety of challenges in the mountains. And those looking for a more leisurely experience or who are traveling with small children, can enjoy the railways that lead into the Rofan and Karwendel mountains.

# A PERFECT TEE BY THE ACHENSEE ACHENSEE GOLF CLUB

## **GOLFING VACATIONS WITH DOGS**

If you count your dogs as family members, you will of course want to bring them along on your vacation. This is why the Golf in Austria catalogue recommends all hotels and golf facilities that allow dogs on a leash. These are marked with the following symbol:

Some Golf in Austria hosts even offer special services for their four-legged guests. The Lungau GC for instance holds tournaments for golfers and dogs. The Golfresort Gut Brandlhof provides an electric golf cart that has been modified to accommodate dogs, with a retractable marquee, water and food bowls, a dog mat with a lounge pillow, etc. This golf facility also offers proficiency certificates for dogs to ensure that golfers and dogs get along splendidly on the green.

If you prefer dog-free hotels and golf courses, we recommend any of the establishments and facilities not marked with our dog symbol.

When planning a golfing vacation with your dog, you will require additional information such as: Does my room have a terrace or garden? Are there any nice walks in the area? Can I bring my dog to the restaurant? Which golf clubs in the area welcome dogs? What will be charged for final cleaning and dog food? We have summarised most of this information for you.

For detailed recommendations and offers for golfing vacations with dogs please see: www.golfinfo.at/golfurlaub-mit-hund

Located just 8 km from Salzburg, the birthplace of Mozart, lies the small village of Eugendorf. Ideally situated between that World Cultural Heritage listed city to the west and the picturesque Salzkammergut region to the east, you are treated to glorious views of the Alpine foothills. Because Eugendorf is actually home to two first-class golf courses - Salzburg Champion Course Eugendorf and Römergolf Golf Course - from the earliest days, a number of hotels have dedicated themselves to the unique needs of their golfing guests. Which is also why the "Mozartgolf" region didn't just spring up by chance. Boasting seven golf hotels and fifteen golf clubs in total (12 can be reached within a 30-minute drive), golf-loving guests benefit from green fee discounts offered by participating hotels as part of their packages. Right at the hotel where you are staying, your personally selected number of "Green Points" are credited to your Mozart Golf Card, allowing you to play essentially cash-free at the club of your choosing.

## GOLF IN AUSTRIA - CARINTHIA

# Play golf from the southern side of the Alps to the Adriatic Sea

By including the Alps-Adriatic region, the Alpe-Adria-Golf Card makes playing golf possible all year round when you stay in Carinthia. Everything you could possibly need for a perfect day on the greens is provided by a total of twelve golf courses in Carinthia: plenty of attractive and scenic flair, and many courses offer wonderful views of bathing lakes (some of which heat up to 28°C in summer) and the nearby mountains. Many of the Carinthian golf clubs are partners of the Alpe-Adria-Golf Card, and many more golf courses in Italy and Slovenia complete the golfing experience down to the Adriatic Sea. With Carinthian Alps-Adriatic cuisine, golfers can also enjoy the culinary pleasures of the region.

also for its hospitality towards dogs. For a charge of €12.- dogs are allowed to accompany their owners on their round of golf. The 9-hole romantic golf course at Klagenfurt-Seltenheim is equally as dog-friendly, and dogs on a lead are also allowed here. Dogs are also welcome at Moosburg and Velden-Köstenberg (€10 charge) and in Bad Kleinkirchheim and Gailtalgolf (free of charge).

#### Carinthia is all about sustainability

With the Slow Food Kärnten project, the south of Austria enters into a new era of mindfulness and conscious enjoyment. Carinthian cuisine focuses on seasonal and regional products and on the creation and processing of excellent food by traditional means.

#### The Alpe-Adria-Golf Card

The card guarantees carefree sunny hours on the fairways and greens of around 20 of the most scenic golf courses in Carinthia, Slovenia and Friuli-Venezia Giulia. Between three and five greenfees can be played flexibly on these golf courses of various difficulty levels. The Alpe-Adria-Golf Card means you pay a standardised price and get lots of flexibility.

Prices for the Alpe-Adria-Golf Card 2021:

3 greenfees: € 195,4 greenfees: € 260,5 greenfees: € 310,-

#### Spring and autumn special offer: 2 for 1

Whether you prefer to drive-off at Lake Klopeiner See or at the champions course in Klagenfurt-Seltenheim, nearly all partner golf courses provide the spring and autumn special offer with the Alpe-Adria-Golf Card. Under the motto "2 for 1", all Alpe-Adria-Golf Cards are worth twice as much from the beginning of the season until 30<sup>th</sup> April and from 4<sup>th</sup> October. At the golf courses participating in the special offer, one additional person can play for free per booked round.

#### Golfing with your dog

The Golfpark Klopeiner See-Southern Carinthia is not only well known for its long season (at least from March to November) but

#### Adventure programs for travelers

What began with the world's first Slow Food Travel Destination in the Lesachtal and Gailtal valleys a few years ago is now spreading its wings to encompass all of Carinthia. In the autumn of 2020 the Lavanttal valley was also distinguished as a Slow Food Travel Region and has since increased its focus on domestic producers and unique culinary experiences.

The number of "places of good living" in Carinthia has also been rising steadily; they are seeing a triumphant comeback in eight Slow Food Villages – which are also unique in the world. These villages boast a wonderful selection of regional food products available at farmers' stores, direct sellers and local suppliers.

# Von Hand herausgearbeitetes Terroir

Die geologische Beschaffenheit des Bodens, viele Sonnenstunden und gut verteilte Niederschläge sind nahezu ideale Bedingungen für den Weinbau. Doch liegt die Qualität eines Weines nicht alleine im Wohlwollen der Natur. Es sind die über Jahrzehnte gesammelten Erfahrungen, Nachhaltigkeit im Denken und Handeln sowie ein kompromissloser Qualitätsanspruch, die aus einer guten Ernte einen charaktervollen Wein machen. Diese Werte wurden federführend von den Brüdern Erich & Walter Polz am Familienweingut gelebt. Seit kurzem hat die 4. Generation das Ruder im Familienbetrieb übernommen.

Erich Junior, Dirigent, Winzer & Ideengeber hat die verantwortungsvolle Aufgabe unser Familienweingut weiterzuführen und für eine harmonische Zusammenarbeit zu sorgen. Bruder Christoph zeichnet als Kellermeister verantwortlich – unsere Weine tragen bereits seit 2011 seine Handschrift.

Die Elterngeneration, in Person von Erich (sen.) & Margareta Polz, stehen dem Weingut weiterhin mit

Erfahrung, Rat und Tat zur Seite.

# Leidenschaft für Keller & Weingarten

Um das beste aus unseren Rebstöcken zu holen, haben wir unsere Reben seit 2010 auf den sanften Rebschnitt umgestellt. Nützlinge und Bienen in unseren Weingärten zu schützen ist für uns eine Herzensangelegenheit: So verzichten wir auf Insektizide und Glyphosate und. Anstatt unsere Gräser immerwährend zu mulchen setzen wir Walzen ein um den Lebensraum vieler Tierarten sowie deren Nahrungsquelle zu erhalten.

Nur wer gute Arbeit in seinen Weingärten leistet, kann qualitativ wertvolle Weine produzieren. So finden ausschließlich handverlesene Trauben ihren Weg in unseren Keller. Hier steht das "kontrollierte Nichtstun", also jedem Wein seine Zeit zu geben, für uns im Fokus. Bei Orts- und Riedenweinen setzen wir auf eine spontane Vergärung mit natürlich im Weinberg und im Keller vorkommenden Hefearten. Die wertvollsten Riedenweine durchlaufen einen bis zu einjährigen Ausbau auf der Vollhefe.

# STEIRISCHE WEINGESCHICHTE IN 4. GENERATION

Von Hand herausgearbeitetes Terroir, das unsere ganze Leidenschaft und die Liebe zum Detail im Glas erlebbar macht, dafür stehen wir.

# GOLFKURSE IN ÖSTERREICH

Der erste offizielle Schritt zum "anerkannten" Golfer ist die Platzreife. Alle Golf in Austria-Hotels bieten Einsteiger-Angebote an, da im Urlaub geradezu ideale Bedingungen zum Golfspielen lernen herrschen: Man ist weniger abgelenkt vom Alltagsstress, hat Zeit und trifft nette Kursteilnehmer mit der gleichen Spielstärke. In den Golf in Austria-Clubs warten gut ausgebildete Pros (Lehrer), die nicht nur den sportlichen Erfolg, sondern vor allem dem Spaß ihrer Kursteilnehmer im Vordergrund haben.

Während eines Platzreifekurses lernt man spielerisch die Bewegung und die wichtigsten Regeln, um sicher "über die Runde zu kommen", ohne andere zu gefährden. Beim Golfsport werden Ballgeschwindigkeiten von bis zu 339 km/h erreicht. Dem will sprichwörtlich niemand im Wege stehen! Die Golf in Austria-Gastgeber sorgen für das perfekte Umfeld für Kurs-Teilnehmer. Sie wissen zum Beispiel, dass man über 200 Muskeln für einen Golfschwung braucht. Da bietet eine gezielte Golfer-Massage eine willkommene Entlastung. Für eine hochwertige Verpflegung ist genauso gesorgt wie für weitere Aktivitäten und umfangreiche Wellness-Angebote.

Bei www.golfinfo.at/platzreifekurse finden Sie weitere Tipps und Informationen zum Thema Golfspielen Iernen und viele Angebote der Golf in Austria-Hotels, die beste Voraussetzung für einen Urlaub mit Golfkurs bieten.
